

### FROM FR. ARPEE'S DESK

Greetings Fellow Parishioners,

How do you react when someone asks for your help when you are exhausted and in need of rest?

Today's gospel tells us about the time when the apostles return from their mission. The apostles were exhausted, and Jesus urge them to go to a deserted place to rest and recuperate. He shows compassion by offering them rest. When the apostles reached the secluded area, in their surprise, they found a huge crowd waiting for them. Jesus being aware of their legitimate needs for rest and the need of the people in front of them, he needed to make a hard choice.

Jesus' responded with compassion. He tended to the needs of the crowd realizing that they are there not to make their life miserable but people are there because at that point of their lives they needed to the Lord. Jesus responded with love and compassion.

Here Jesus is giving us an example how to response when our neighbour ask us for help. We need to do it with love. As this love will make doing things easier on our part in a sense that it becomes a source of true joy by imitating our Lord. With love what seems to be a bother and inconvenience at first can become a source of happiness. May we be blessed by the Lord with love and compassion so we can help those in need without resentment.
